Dear Mr. Feight:

We have received Tom Tetting's comments dated February 24 for Kaiser Steel Corporation's coal exploration plan for the Sunnyside south leases (CEP/015/004). In response to your concerns:

1. Local contact is Bob Turner. He is based in Oakland at the given address:

Kaiser Steel Corporation  
300 Lakeside Drive  
P.O. Box 58  
Oakland, California 94604

Exploration department phone: 415-271-5022.

Bob has informed us he will try to stay at the Carriage House in Price when he is up for the project.

2. & 3. We will get a commitment from Kaiser as to your concerns regarding top soil and observance of UMC 817.67-.68 and make them part of the final stipulations.

We have arranged an onsite inspection for the proposed drill sites with Kaiser and the BLM for May 6 and 7, 1982. If you would like to take part, please call Stephen Falk or myself at our office for information as to meeting times and places.

Sincerely yours,

*J. Gordon Whitney*
